Site Submission Form

Call for sites, 1st October 2019 to 12th November 2019

FOR OFFICIAL USE ONLY

Response Number:

Date Received:

This form is to be filled out by any interested parties who want to promote a site for a specific use or development to be allocated in the Redgrave Neighbourhood Development Plan.

The Babergh Mid Suffolk Joint Local Plan BMSJLP is being produced by Babergh District Council and Mid Suffolk District Council working together. They undertook a 'Call for Sites' in 2018. This covered sites across the two Districts.

The Redgrave Neighbourhood Plan Steering Group is undertaking a further 'Call for Sites' just for the Redgrave Parish Area to see if there are any sites that might be suitable for future development in the Parish that were not put forward as part of the BMSJLP consultation in and to check that those that were put forward during that consultation are still available.

Only one form should be submitted for each individual site i.e. it is not necessary for a separate form to be completed for each landowner on a single site in multiple ownerships. However, a separate form must be completed for each individual site submitted.

Forms can be submitted by email to redgraveneighbourhoodplan@gmail.com
Forms must be received by **midnight on 12th November 2019**

Or, if it is not possible submit the form electronically, hard copy forms can also be sent to:

Redgrave Parish Clerk
Wayside Cottage
Cherry Tree Lane
Botesdale,
Diss, IP22 1DL

The site submissions received as part of Redgrave Neighbourhood Development Plan Call for Sites Consultation will be published and made available for public viewing. By submitting this form you are consenting to the details about you and your individual site(s) being stored by Redgrave Parish Council and shared with Mid Suffolk and Babergh District Councils, as partners in the BMSJLP and that the details of the site will be published for consultation purposes. Under the (GDPR) General Data Protection Regulation Redgrave Parish Council will be the data controller.

Please provide details of any relevant historic planning applications, including application numbers if known.

The Babergh and Mid Suffolk online planning applications database shows that no planning applications have been made on the site since 1st January 2000.

5. Proposed future uses

5a. Please provide a short description of the development or land use you proposed, including stating if it is for a settlement boundary revision
If you are proposing a site to be designated as local green space please go directly to question 6.

The main proposal is for a solar farm. We are also looking to reserve enough land facing Redgrave Footpath 015 to build two detached houses in good size plots.

5b. Which of the following use or uses are you proposing?

| | | | |
|-----------------------------|-------------------------------------|--------------------------|---|
| Market housing | <input checked="" type="checkbox"/> | Business and offices | Recreation & leisure |
| Affordable housing | | General industrial | Community use |
| Residential care home | | Storage and distribution | Public open space |
| Gypsy and Traveller pitches | | Tourism | Other (Please Specify) <input checked="" type="checkbox"/> Renewable energy generation |

5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.

There is no specific scheme at this stage, However it is envisaged that the solar farm will also provide opportunities for improving the site's biodiversity. For more detail, please see attached statement

5d. Please describe any benefits to the Local Area that the development of the site could provide.

Please see the attached statement.

6. Local Green Space

If you are proposing a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

6a. Which community would the site serve and how would the designation of the site benefit that community?

6b. Please describe why you consider the site to be of particular local significance e.g. recreational value, tranquillity or richness in wildlife.

7. Site features and constraints

7a. Are there any features of the site or limitations that may constrain development on this site (please give details)?

See Attached Statement

7b. Site access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

See Attached Statement

7c. Topography: Are there any slopes or significant changes in levels that could affect the development of the site?

See Attached Statement

7d. Ground conditions: Are ground conditions on the site stable? Are there potential ground contamination issues?

See Attached Statement

7e. Flood risk: Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?

See Attached Statement

7f. Legal issues: Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?

See Attached Statement

7g. Environmental issues: Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site, are there any known features of ecological or geological importance on or adjacent to the site?

See Attached Statement

7h. Heritage issues: Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?

See Attached Statement

7i. Neighbouring uses: What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?

See Attached Statement

7j. Existing uses and buildings: are there any existing buildings or uses that need to be relocated before the site can be developed.

See Attached Statement

7k. Other (please specify):

8. Utilities

8a. Which of the following are likely to be readily available to service the site and enable its development? Please provide details where possible.

| | Yes | No | Unsure |
|--------------------|-----|----|--------|
| Mains water supply | X | | |
| Mains sewerage | X | | |
| Electricity supply | X | | |
| Gas supply | | X | |
| Public highway | | X | |
| Broadband internet | X | | |

Other (please specify):

8b. Please provide any further information on the utilities available on the site:

None of the utilities mentioned above are available on site. However, given that the site is bounded on two sides by existing dwellings, we have assumed that all these services are close-by and could be extended appropriately to serve the site.

Access to the public highway has been considered in our answer to Question 7b.

9. Availability

9a. Please indicate when the site could be made available for the land use or development proposed.

| | |
|-----------------------------|---|
| Immediately | |
| by April 2021 | X |
| between April 2021 and 2026 | |
| between April 2026 and 2031 | |
| between April 2031 and 2036 | |

9b. Please give reasons for the answer given above.

Time is needed to conclude an agreement with the adjacent landowner(s) to secure access to the public highway and to deal with issues concerning public rights of way along Redgrave footpath 015.

10. Market interest

10. Please choose the most appropriate category below to indicate what level of market interest there is/has been in the site. Please include relevant dates in the comments section.

| | Yes | Comments |
|--|-----|----------|
| Site is owned by a developer/promoter | | |
| Site is under option to a developer/ promoter | | |
| Enquiries received | | |
| Site is being marketed | | |
| None | X | |
| Not known | | |

11. Delivery

11a. Please indicate when you anticipate the proposed development could by April 2021

between April 2021 and 2026)

(between April 2026 and 2031)

between April 2031 and 2036)

11b. Once started, how many years do you think it would take to complete the proposed development (if known)?

We estimate around 12 months.

12. Viability

Text

12a. You acknowledge that there are likely to be policy requirements and Community Infrastructure Levy (CIL) costs to be met which will be in addition to the other development costs of the site (depending on the type and scale of land use proposed). These requirements are likely to include but are not limited to: Affordable Housing; Sports Pitches & Children's Play Space and Community Infrastructure Levy

12b. Do you know if there are any abnormal costs that could affect the viability of the site e.g. infrastructure, demolition or ground conditions?

12c. If there are abnormal costs associated with the site please provide details:

There are potential extra costs in obtaining access to a public highway.

12d. Do you consider that the site is currently viable for its proposed use taking into account any and all current planning policy and CIL considerations and other abnormal development costs associated with the site?

12e. Please attach any viability assessment or development appraisal you have undertaken for the site, or any other evidence you consider helps demonstrate the viability of the site.

We have only just started looking at this site's potential. At this stage it would be difficult to justify the cost of a formal viability assessment until we have a firmer view of what, in planning policy terms, would be acceptable in principle.

From the owners point of view, perhaps the simplest route would be to increase the land's rental value by concluding a lease arrangement with one of the companies that specialise in the installation and running of solar farms.

Another possible route would be through the establishment of a community solar farm. An example is The Reach Community Solar Farm in Cambridgeshire, which is a Community Benefit Society. It is a 500KW farm on 1.04 hectares.
